

ALQUERFEED VITAMIN AMINOÁCIDOS L

DESCRIPTION

Vitamins and aminoacids in oral solution.

TECHNICAL PROPERTIES

High production periods, very hot environments and fever cause liquid, mineral and energy loss. Water supply is not enough to restore the hydric balance and providing vitamins and aminoacids is essential to restore the homeostatic equilibrium.

INDICATIONS AND SPECIES

Intended for all species and ages as a growth and production enhancer after periods of nutritional deficiencies, vaccination, sudden changes of temperatures and high production periods.
